

ArcelorMittal South Africa's Thabazimbi Iron Ore Mine donates school bags to Heuningvlei Primary School

As part of their Corporate Social Investment (CSI) effort, ArcelorMittal South Africa's Thabazimbi Iron Ore Mine recently supplied school bags to every learner at Heuningvlei Primary School.

Previously, many pupils had to carry their books with their bare hands or in plastic bags, so the donation made everyone happy. ArcelorMittal South Africa's Thabazimbi Iron Ore Mine hopes that by making this donation, they can ensure that the learners have the resources they need to achieve their educational needs, allowing them to focus on their studies.

"We have the ability to create a world in which all children have access to a good education." "Those who do not believe this have limited imaginations," Nelson Mandela said.
