

plan, which had details about the pollution levels at its plants between 2000 and 2002.

They would also reveal where Amsa illegally dumped its hazardous waste. The environmental department took action against the company for this. — *Sapa*

## **Amsa told to release records**

THE High Court in Johannesburg has ordered steel giant ArcelorMittal SA (Amsa) to hand over its environmental records to the Vaal Environmental Justice Alliance (Veja), it was reported yesterday.

According to the Star newspaper, the community organisation Veja had been seeking the documents since 2011.

The documents contained Amsa's environmental master
