

# Matter of fact

**ON MONDAY, The Star reported that Urban Dynamics built houses situated on land belonging to iron and steel giant Arcelormittal SA.**

**This was incorrect.**

**The Gauteng Department of Local Government and Housing had on October 21, 2010, asked Urban Dynamics to obtain erf number from The Surveyor General for the layout plan of the proposed township known as Tshepiso Extension 4 Township. Urban Dynamics is not a construction company but is involved in urban development.**

**We regret the error.**
